

## The Nottingham Park Estate Limited

### Nominees Resume

#### Mike Hallam

Having been proposed by Bill Russell

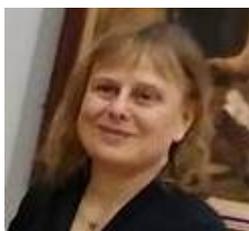

"My wife and I first lived in The Park in 1985 and we have been in our present house On Tunnel Road since 2012. We live and work in the city, keeping busy as Commercial Director of Hallam Internet, a successful digital marketing agency employing 30, on Talbot St. Before moving back into the Park in 2012, we lived opposite Holme Pierrpont Hall and I served there as Secretary of Holme Pierrepont Residents' Association for 13 years.

I am determined that life and the environment in The Park should better reflect its true potential and the aspirations of the different constituent groups, and I am confident that I could use my experience and drive to help towards that end so that The Park is an environment of which we can all be proud."

#### Christina Jensen- Bates

A Director of the Company retiring by rotation and standing for re-election. Having been proposed by Andrew Timms.

"I've been an NPEL director and Park resident for 4 and 5 years respectively. During this time, I've gained a lot of experience and understanding of Park issues and its management, and played a key role in trying to resolve many of the "big" Park concerns that have arisen: parking, dog walking, the 100% staff changeover, and implementing the framework and processes leading to the sound NPEL structures that we have today. However, my greatest contribution has been improving NPEL's communication: surveys, emailings, website updates, clearer documentation, meetings.

So why re-elect this old stager? Well, as a "newbie" (in Park terms!), I still have a fresh, objective view of Park issues and opportunities; I have relevant, practical experience in communication, HR, and corporate governance; and I'm still energetic enough to keep challenging. I'll step back only when most of us are mostly happy with the lighting, parking, mossy pavements, signage, speeding, etc!

Whatever the outcome of this election though, I'm grateful to have been able to represent the residents of a terrific community. Special thanks if you're one of the Park people with whom I've had a friendly chat, through my director's role - whether we've agreed or argued!"

#### Paul Stafford

Having been proposed by Maggie Ross MBE

I'm in the fortunate position that I live and work in The Park, giving me a unique interest in both preserving The Park's heritage and character whilst making sure our community remains inclusive and forward looking.

I'm a father of two boys and know first-hand what a great place this is to bring up children - from the local toddler group to tennis on Sundays, and I want to help further develop our community spirit.

As well as being a resident for over 18 years, I now work at The Walton Hotel, where I have the opportunity to hear from our Park neighbours on a regular basis, giving me a broad understanding of the different issues and opportunities ahead of us.

With a background in IT running software companies, I would like to explore solutions to facilitate more effective collaboration between the NPEL and Park members/residents.

I've also gained experience at board level raising finance, and I'm keen to investigate ways of supporting charity organisations like ActiveAce to improve facilities for children and families in the Park.

I would be privileged to serve the NPEL and bring greater transparency and collaboration for those living and working in The Park.
