Dear Customer

Important Information – Road Closure – Lenton Road Nottingham

I would like to advise you about Cadent Gas plans to carry out essential works to upgrade the gas pipes in your area. This work, which will be carried out by tRiIO® working on behalf of Cadent Gas, will start on Monday 9th October 2017.

We expect our works to last for approximately 10 weeks. We are working closely with the Nottingham Park Estate to ensure disruption is kept to a minimum for the residents of The Park during the essential works.

In order to complete these works safely it will be necessary to undertake our works in multiple phases along Lenton Road. Phase 1 shall be undertaken utilising a temporary Road closure between the junctions of Lenton Avenue and Fiennes Crescent. Access to your property, for vehicles and pedestrians, will be maintained at all times via the advertised diversion route. On street parking will be maintained as close to your property as practical. The remaining phases shall be communicated further once we have mobilised our works and are in a position to progress onto the subsequent phases.

If the gas supply to your property is affected during our work, we will send you a separate letter detailing how you may be affected prior to our work starting.

Please be assured every effort will be made to minimise any inconvenience this essential work may cause and I would like to thank you for your patience and cooperation. If you would like further information, please contact us on 0800 096 5678

Yours faithfully,

Cadent Mains Replacement Customer Team
