

NOTTINGHAM CASTLE PROJECT

1,000 Years of History

November 2020

Dear resident

Nottingham Castle – consultation on new proposals for coach pick up/drop off and land train

Thank you to all of you that took part in the recent consultation.

We received 217 responses through the online questionnaire as well as a number of emails and letters. We are reading and analysing these over the next couple of weeks.

Once this process is completed we will consider our proposals in light of the consultation responses, update the coach pick up and drop off plans for approval and feedback to residents on next steps.

In the meantime, no physical works will progress in respect of the coach parking drop off and pick up locations on Friar Lane or Peveril Drive.

For your information there are likely to be some remedial works to paving on Castle Road and repairs to underground services on Friar Lane within the next few weeks. These works are not part of the coach parking proposals and have been scheduled for several months.

If you require any further information about the Nottingham Castle Transformation, please do not hesitate to contact a member of the project team at: nottinghamcastleproject@nottinghamcity.gov.uk.

Yours sincerely

Nigel Hawkins
